## What is Edcamp?

**Edcamp** is a form of unconference designed specifically for leaders and their needs. What makes **Edcamp** an unconference? Unlike traditional conferences which have schedules set months in advance by the people running the conference, **Edcamp** has an agenda that's created by the participants at the start of the event. Organizers set the schedule for the day but all sessions are determined by participants on the day of the event. Everyone is welcome to propose and lead a session where conversation and collaboration are paramount. Sessions are facilitated by anyone.

Open dialogue and a willingness to share, not planned presentations, drive the learning at **Edcamp**. The day is completely participant-driven.
